The Boers.

LONDON, April 13.—The Daily Mail publishes the following dispatch, dated April 13 from Lourenco Marques: The Boers are manufacturing shells, especially Vickers-Maxim in large quantities at Begebe foundry, Johannesburg. The actual Boer losses to the end of March, including prisoners, are estimated at 12,000. At present there are several thousand Boers in Natal and 35,000 in the Free State.

Like the Oregon Republicans.

WASHINGTON, April 13.—The objection of Burton today to the Nicaragua canal bill is taken to mean that he represents the ideas of the administration. Burton's statement bears this out to the extent that the treaty pending in the Senate is made the main cause of objection to the bill. Hedburn no doubt knew that he could not get unanimous consent to consider his bill.

Bryan and Dewey.

CHICAGO, April 13.—Admiral Dewey and William J. Bryan will meet Tuesday, May 1 for the first time since the hero of Manila announced that he was a Presidential candidate. All doubt as to Mr. Bryan's presence was dispelled today when Max J. Riese, of the Lakeside Club, received a telegram from him saying that he would cancel previous engagements in order to be present at that organization celebration.

A New Private Secretary.

WASHINGTON, April 13.—Owing to the continued ill health of John Addison Porter, secretary to the President, he has tendered his resignation, and the President has accepted it, to take effect May 1 next. Congressman Tongue recently paid the second Oregon regiment a very deserved tribute. He could not do otherwise. Their record is one all Oregon is proud of. Tongue's remarks though are being used as campaign documents in his favor.
